RECTANGLE

"This is where your shape comes into its own! You can have fun with layering, texture, frills, flounce and ruffles. Look for cable knit jumpers, embellishments and puffed sleeves. You can also have fun with layers such as tank tops, ponchos and capes. With winter coats, look for warm, quilted styles, faux fur, teddy bear and coatigans. The snugglier, the better. Double breasted coats will add shape to your waist."
